Subject:	RE: Request for County to prepare supplemental EIR and hold public hearing for Highlands construction project

Hi Christine,

The County has considered the requests from interested members of the public for a 15-day extension of the scheduled June 17, 2021 close of the public review period for the Highland Estates EIR Addendum. The request has been granted to allow the public more time to review the EIR Addendum and appendices, with the County's decision on the project modification request to be made after July 2, 2021.

Thanks

Subject: Request for County to prepare supplemental EIR and hold public hearing for Highlands construction project

Dear Ms. Leung,

My name is Christine Tam. I'm a resident of San Mateo Highlands at 2067 New Brunswick Drive, San Mateo, CA 94402. Regarding San Mateo County's notification letter dated May 3 with subject "Consideration of a proposed Minor Modification to an approved Resource Management (RM) Permit (PLN2006-00357) for the development of Lots 5, 6, 7, and 8 (BLD2016-00161 through BLD2016-00164) in the San Mateo Highlands Area", because of the significant impact this construction project will have to the hillside open space along Ticonderoga Drive, which includes a possible increased risk of a landslide in the area, and the significant changes to the originally proposed earth grading activity, I request that the County prepare a supplemental environmental impact report document, and hold a public community hearing about the construction project.

Thank you,
Christine Tam
